## How to Study for a Retake:

Choose at least 1 studying activity to do to prepare for your retake. You **MUST** show your teacher how you studied for your retake. Submit what you did to study with your retake form.

- Make flashcards and quiz yourself (turn in flashcards with retake form)
  - This option is if you did not make the *required* flashcards already.
- Meet with a friend, parent, guardian, or older sibling for tutoring (signature and date of meeting is required)
- Meet with the teacher to get extra help (set this up in advance!)
- Visit [khanacademy.org](https://www.khanacademy.org) or other learning websites, your teacher's website may have resources to study with! (A short summary of what you learned on the sites should be turned in the with the retake form.)
- Create a poster, visual, chart, or electronic presentation that shows your understanding of the topic.
- Create your own practice test with an answer key.
- Write a summary of your notes.
- Draw pictures or make a comic strip that shows your understanding of the topic.
- Reads your notes aloud and record yourself. Play it back. (Submit the recording to your teacher)
- Write all of your notes on 3 x 5 cards
- Complete any missing homework/practice activities that you didn't do earlier in the unit.

If you have additional ideas for learning activities that are not listed above, please review with your teacher.
